Looking after your child's safety

All club coaches are trained British Cycling coaches who have received training in safeguarding and protecting children, and have been checked and cleared through the Disclosure and Barring Service.

Reasonable steps will be taken to establish a safe environment where young riders can enjoy developing their cycling skills.

Club activities mainly take place in private traffic-free environments but from time-to-time may include public spaces and public roads.

Parents or carers are welcome to stay and watch activities and are encouraged to support us by joining rides where appropriate. Because of the younger age groups it is compulsory for parents or carers of Mini section riders to stay and supervise their children.

Riders are expected to remain in the activity area (or on the ride) from beginning to end unless prior arrangements have been made with the coaches leading the activity.

Protecting your privacy

Bigfoot Youth CC is committed to protecting and respecting your privacy and that of your children. Any information provided about you or the Rider will be processed in accordance with our Data Privacy Notice (see www.bigfootgoride.org.uk/privacy).

When your child becomes a member of Bigfoot Youth CC they will be registered for an online user account with British Cycling. We will provide British Cycling with the personal data that you have supplied. Bigfoot Youth CC does not supply any personal data to any other third party.

We may publish information about the Rider if they have participated in a race or similar event, have received an award, or have recorded a major achievement. We will not publish any photographs or video of your child without your explicit consent, which can be given below.
